Mr. and Mrs. Steve Mixter  
Wheels that Heal Car Club  
P.O. Box 1754  
Salisbury, MD 218012

Dear Steve, Barbara and Car Club Members:

The best thing about my job as Executive Director of The Wellness Community is the courageous participants who deal with cancer with such grace and hope. The second best thing is meeting people like all of you, whose generosity and hard work make our good work possible.

The car show was wonderful and those beautiful cars are a pleasure to see. In pursuing their passion, your club members are also helping so many people with cancer find information, support and hope. Last year, 614 people made 3,600 visits to our support and networking groups, counseling sessions, education programs, mind/body classes, social events and information and referral services. Every year the number of people we help increases and every year when we evaluate our programs, our participants tell them that they are indispensable services in the journey that is life with cancer.

We were thrilled to receive your check for \$2,450. Please extend a warm thanks to all of your members who have made this donation possible. We are here because of the generosity of groups like Wheels that Heal. Please accept our thanks.

Sincerely,

  
Joan Herbert Mulvanny  
Executive Director
